The main source of income in 2016, as in prior years, has been the government early years funding (73%). Parent fees for additional sessions (additional to the 15 hours covered by funding) make up a large proportion of the remaining income (22%). Parent fees have decreased from 2015 when they made up 28% of the total income. This is somewhat to do with the timing of invoicing and the fact that we use cash accounting rather than the accruals basis; for the last 2 years we have sent out the invoices for the Spring term in December. Due to the fact we use cash accouting, we recognise any cash received before 31st December in the Parents fees for that year. In 2015 we had only £3.7k left unpaid, whereas this year £7.6k remained unpaid. This means we were able to recognise £3.9k more in 2015 compared to 2016, simply due to the timing of payments. The remaining drop in parents fees is due to a slight reduction in sessions filled in 2016 compared to the previous year, and
