The nursery bank account balances as at 31st March 2017 were £9,673 for the current account and £7,017 for the deposit account. Reserves are held to cover fluctuations in children numbers and any reductions in income that may result from reduced numbers.

Fundraising is a really important aspect of the nursery's income to purchase equipment that enhances the experience of the children. We had a successful fundraising year in 2016/17 with lots of fun and enjoyment that came with it. £4,049 was raised through fund raising (£4,794 in 2015/16). These efforts need to continue in the future.

Post year-end events

In July 2017 the nursery manager resigned and the committee recruited a new experienced manager to start in September 2017. The new manager and committee have committed to working together to review and address the increase in costs and ensure the sustainability of the nursery, in particular with regards to staff costs and utilities costs.

In 2017/18 the nursery has been impacted by a significant cut in the rate of grant paid by the County Council. In addition, the Government has increased free places for 3 year olds to 30 hours from 15 hours. These factors have contributed to a number of closures for other settings locally. However, the number of children attending the Old School House Nursery and the hours requested in September (the lowest point of the year) is very encouraging. The Committee hopes to be able to capitalise on this to turn the financial position of the nursery around during 2017/18 and ensure that the nursery is sustainable well into the future.

Rebecca Hewitt - OSHN Treasurer 2017
